SEASON 3 | VER. 1.0 | CHARACTER 2

DISCLAIMER: NONPROFIT FAN WORK. DO NOT REDISTRIBUTE COMMERCIALY.

THE BRAVEST OF OOO

Inspired from his Multiversus adaptation, Finn has an array of charge specials and has decent mobility.

SWEET DEALS

Indulge in an offer you simply can't refuse. Buy upgrades in the heat of battle to gain an edge over your opponents.

OVERVIEW

Ooo's finest and bravest, reimagined from Multiversus to MUGEN with a twist.

...that also includes **the coin gimmick**. Keep them eyes peeled for those sweet deals...

All in all, he's a mid to long range fighter with "pokes" and pressure moves and a repertoire of purchasable buffs at the drop of a hat.
